Educational Qualification

B.Tech. in Computer Science and Engineering	2025 – 2029
Indian Institute of Information Technology Kalyani	
St. Xavier's Institution, Panihati	2010 – 2025
Secondary & Higher Secondary Education	
Joint Entrance Examination (JEE) 2025	97.52%ile (Top 2.5%)

Courses & Technical Skills

Programming Languages: C, C++, Java, Python, JavaScript, TypeScript
Frontend Development: HTML, CSS, React, Next.js, Tailwind CSS
Backend / Deployment: Firebase, Vercel
Computer Science Fundamentals: Data Structures & Algorithms, Problem Solving, Code Review, Code Quality
Data & Analytics: Data Analysis, Data Science (Foundational), Machine Learning (Foundational), Excel, Tableau
Mathematics & Sciences: Linear Algebra, Probability & Statistics, Physics, Basic Electrical & Electronics Engineering, Digital Logic & Circuits
Open Source & Collaboration: Git, GitHub, Open-Source Development, GitHub Copilot, LLM-Augmented Development, Prompt Engineering

Projects

SafeRoute – AI-Assisted Safety-Aware Navigation System	Dec 2025 – Jan 2026
Top 10 Finalist, InnovateX Hackathon – IIIT Kalyani	
Live Demo: SafeRoute	
- Designed AI-assisted safety scoring framework (0–100) using contextual risk parameters. - Integrated Gemini API for interpretable natural-language safety explanations. - Built real-time navigation system using Google Maps APIs. - Developed full-stack MVP using React, TypeScript, Firebase.	

Certifications

Deloitte Australia – Data Analytics Simulation (Forage)	Jan 2026
Performed forensic data analysis on structured business datasets; conducted exploratory data analysis and applied classification logic with pattern identification techniques. Built interactive Tableau dashboard for business intelligence visualization and derived actionable insights using quantitative reasoning.	
Electronic Arts – Software Engineering Simulation (Forage)	Feb 2026
Designed C++ class diagrams and OOP header files; proposed feature architecture and optimized data structures for improved code quality.	
AWS Solutions Architecture – Job Simulation (Forage)	Jan 2026
Designed scalable cloud infrastructure using Elastic Beanstalk; proposed cost-efficient system design for high-growth applications.	
Ten Days of Code – NIT Durgapur	Jan 2026
Participated in intensive coding program focused on Large Language Models and modern AI tooling.	
National Road Safety Hackathon – IIT Madras	Dec 2025
Worked on technology-driven solutions addressing road safety challenges at national level hackathon.	
HackN̄Pitch – E-Summit'25, Jadavpur University	Oct 2025
Developed and pitched technology-based solutions to real-world problem statements.	
East India Blockchain Summit 2.0 – IIT Kharagpur	Jan 2026
Attended premier blockchain and Web3 summit; gained exposure to decentralized systems and real-world applications.	
Open Source Connect Global (OSCG '26)	Jan 2026
Earned Contributor Badge for active open-source participation and community contributions.	
Winter of Code 5.0	Jan 2026
Recognized as contributor in structured open-source development program.	

Extra-Curriculars

Junior Scholar (Sarod) – ITC Sangeet Research Academy, Kolkata	2026 – Present
Undergoing advanced training in Hindustani Classical Music; formal training since age 5.	

Languages

Bengali: Native or Bilingual Proficiency English: Full Professional Proficiency Hindi: Full Professional Proficiency
